wherein said zone stores a lookup table having information about edge shifting of at least one of a leading and trailing edge of at least one recording pulse; and

wherein said lookup table includes a list of values which are determined by combinations of a length M(n) of a mark being currently written and at least one of a length s(n-1) of a space precedent to the mark and a length s(n+1) of a space subsequent to the mark, and which can be positive and negative.

[ 8. (amended) A recording medium comprising:

a disk-like substrate;

at least one track being provided on the disk-like substrate;

a zone including said at least one track the ein;

wherein said zone stores a lookup table having information about edge shifting of at least one of a leading and trailing edge of at least one recording pulse; and

wherein said lookup table includes information about edge shifting of at least one of a leading and trailing edge of one recording pulse for recording a mark 3Tw long, where Tw is a time width.

Please amend claims 9-16 as follows:

(amended) A recording medium according to claim, wherein said lookup table includes information about edge shifting of a leading edge of a first recording pulse and a trailing edge of a last recording pulse of a plurality of recording pulses.

- (amended) A recording medium according to claim, wherein said lookup table includes information about edge shifting of a leading and trailing edge of a first recording pulse and a trailing edge of a last recording pulse of a plurality of recording pulses.
- (amended) A recording medium according to claim, wherein said lookup table includes information about edge shifting of a leading edge of a first recording pulse and a leading and trailing edge of a last recording pulse of a plurality of recording pulses.
- (amended) A recording medium according to claim, wherein said lookup table includes information about edge shifting of a leading and trailing edge of each of first and a last recording pulse of a plurality of recording pulses.
  - (amended) A recording medium according to claim, wherein said lookup table includes information about edge shifting of a leading edge of a first recording pulse of a plurality of recording pulses.
  - 7 14. (amended) A recording medium according to claim, wherein said lookup table includes information about edge shifting of a leading and trailing edge of a first recording pulse of a plurality of recording pulses.
  - (amended) A recording medium according to claim , wherein said lookup table includes information about edge shifting of a trailing edge of a last recording pulse of a plurality of recording pulses.
